

**Toolbase® AK-57 Professional**
**Extension unit**

The specialist for single dispensing is the Toolbase® AK, the ideal storage system for non-sensitive items with compact dimensions. The Toolbase® AK manages up to 57 different articles. The prerequisite is a compact, stable outer packaging of the individual items. An intelligent push mechanism transports the selected article forwards so that it falls into the padded removal chute.

**System advantages:**

- easy handling
- very compact system for individual output of inserts
- The pusher mechanism can be individually configured for the similar packaging of the stored articles.

Size	Width (mm)	Depth (mm)	Height (mm)	Number of slots
Typ 1	115	275	30	57 slots

Technical Data:
